PENTA STRIPE

– the budding green revolution

At first glance, with their small, dense loops, Penta Stripe may look like a traditional bouclé carpet. However, an in-depth look at the design reveals a different story, like the first sprouts in a field, pushing up with exuberant vitality.

Penta Stripe is a revolutionizing yarn-dyed tufted carpet in four layers. All materials and every single layer are carefully selected with an emphasis on sustainability, total product weight and indoor climate comfort – key elements that help bring this classic design into the future. The dyed-in-the-wool yarn is a top choice when special cleaning criteria apply, as it ensures that the carpet maintains its beautiful appearance over time.

Available as broadloom in a muted, universally applicable colour scale.

COUTURE

– classic softness from the world of fashion

This silky soft and exclusive velour quality is a true classic with exceptional acoustic properties due to the short, upright pile. Couture takes its name from the world of fashion, where velour is beloved, from Paris to Copenhagen, for its inherent tactility, weight and extravagance, which add a stunning expression to any interior or fashion statement.

In addition to promoting good acoustics by dampening the sound of footfalls, Couture also brings a soft, nurturing tactile sense of bespoke luxury to business settings. The beautiful velour carpet forms a sensuous foundation that is a perfect complement for modern as well as more historical interiors. In a celebration of the multifaceted expressions of fashion, Couture comes in a wide range of inviting colours.

Available in 13 luxurious colours from our warehouse. Custom colours available from 200+ m². Felt backing from +200 m².
